Failure to file this form will result in your property being appraised at market value.

- QUALIFYING OPERATIONS:** All agricultural production units, with sales, home consumption, or use, of \$1,000 or more, may qualify for farm use valuation on the land utilized for production. The acreage devoted to each crop and the livestock inventories are the supporting data for this application. Units of less than five (5) acres may qualify if sales were at least \$500. Any questions related to this form should be directed to the County Assessor.
- NAME AND ADDRESS:** If a label was provided, please make any needed corrections on the label. If no label was provided, please fill out the name and address area completely.
- NAME OF OPERATION:** Only commonly used farm names should be entered; i.e., "Jones Hereford Farm" or "Twin Oak." Otherwise, leave blank.
- NAME OF OPERATOR:** Full name of the person or persons making the day-to-day decisions on the agricultural operation. A blank form should be used for any new operator with a name, address entered on the lines for correction. Out-of-business operations (no crops or livestock production) for whom a labeled form was received should be noted accordingly and submitted as a completed form.
- NAME OF LANDOWNER:** Enter the name of the landowner (actual owner of property) if different from the operator of the agricultural operation.

WEST VIRGINIA ASSESSOR'S FARM STATISTICS

- 1. FARM OPERATION DESCRIPTION:** Total Acres **(d)** in farm should equal acres owned **(a)**, plus acres rented from others **(b)**, minus acres rented to others **(c)**. THIS MUST BE ANSWERED. Acres of crops in Items **2 - 12** plus acres in **Item 13** should equal the Total Farm acres **(d)** in **Item 1**. Acres owned refers only to acres related to the farming operation. Acres Rented from Others **(b)** refers only to acres rented by the farming operation for agricultural production. Acres Rented To Others **(c)** refers only to land rented to others for agricultural production.
- 2 - 12. CROPS:** These questions refer to the acreage planted or grown for harvest during 2022. For HAY, report only actual acres in the field, regardless of the number of times cut. Report the total production for both alfalfa and other hay acres, in tons in **9a**, or total number of bales and the average weight per bale of hay harvested for both alfalfa and other hay in **9b** or the total number of rolls and the average weight per roll of hay harvested for both alfalfa and other hay in **9c**. Other crops include vegetables, berries, grapes, nursery products, greenhouse, tree fruit other than apples and peaches and any other crops not listed. Fruit Tree information is needed only for operations with 100 or more trees.
- 13. ALL OTHER LAND:** Include farmstead, roads, woodlands, wetlands, waste, government program land, and any land not already counted.
- 14. TOTAL GRAIN STORAGE:** Include any type of structure normally used to store whole grain. Exclude nonpermanent storage such as troughs, plastics bags or barrels.
- 15 - 24. LIVESTOCK AND POULTRY:** These questions refer to the peak inventory number during 2021-2022. Operations such as broiler houses need only report the capacity of the houses on their operation not the annual production. OTHER LIVESTOCK refers to any animal production not listed in Items **15-23** such as fish, emus, ostriches and llamas.
- 25. VALUE OF PRODUCTION:** Enter the total value of crop production from **Items 2-13**. Include all crops, fruit, vegetables, nursery and greenhouse, Christmas trees, and forest products from the farm acres. Also include gardens with sales greater than \$500. Enter to total value of livestock production from **Items 15-24**.
